

A large sea turtle with a brown and white patterned shell is swimming towards the left. Above it, a large group of silver fish with dark stripes are swimming in the same direction. The background is a clear blue ocean with some sandy bottom and rocks visible at the bottom of the frame.

A NEW
MARINE
BIOLOGY
COURSE

Living Oceans

Want to explore your passion for the sea and what lives beneath the waves?

- Learn about how animals have adapted to the rigors of the most challenging environment on Earth.
- Explore how humans have been inspired by, and benefited from, the marine world.
- Join us to deepen your appreciation of life on our blue planet.
